

# XRY COMPLETE

THE ALL-IN-ONE MOBILE FORENSIC SYSTEM FROM MICRO SYSTEMATION

XRY COMPLETE IS THE ALL-IN-ONE MOBILE FORENSIC SYSTEM FROM MICRO SYSTEMATION; COMBINING BOTH OUR LOGICAL AND PHYSICAL SOLUTIONS INTO ONE PACKAGE. XRY COMPLETE ALLOWS INVESTIGATORS FULL ACCESS TO ALL THE POSSIBLE METHODS TO RECOVER DATA FROM A MOBILE DEVICE.

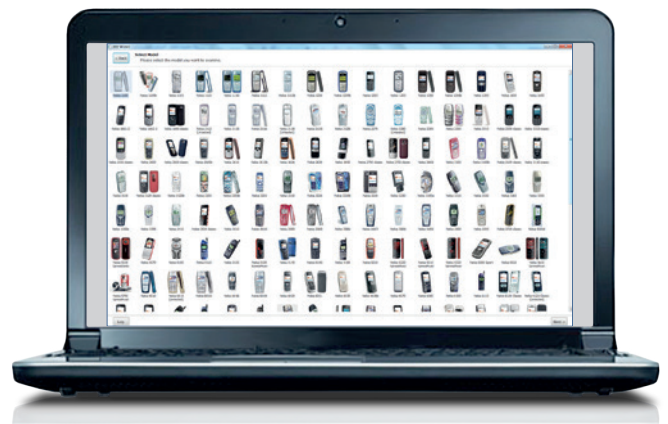

XRY is a purpose built software based solution, complete with all the necessary hardware for recovering data from mobile devices in a forensically secure manner. With XRY Complete you can achieve more and go deeper into a mobile device to recover vital data. With a combination of logical and physical analysis tools available for supported devices; XRY complete can produce a combined report containing both live and deleted data from the same handset.

The XRY system is the first choice among law enforcement agencies worldwide, and represents a complete mobile forensic system supplied with all the necessary equip-

ment you need to perform a forensic examination of a mobile device – straight out of the box.

The supplied XRY software application runs on Windows and is powerful enough to deal with all of the modern demands of forensic examiners. The user interface is simple to navigate, with a user friendly wizard designed to help guide you through the entire process from start to finish, so you can immediately start to recover data with confidence.

With XRY, a tamper-proof report is created within minutes which can easily be customised to a user's needs, including references and a user's own branding as required. The generated report can be printed in its entirety, or selected data required by the investigators can be prepared. Using XRY's export function, users are afforded a wide range of functionality to facilitate further distribution and analysis of the data.

**INCLUDED IN THE XRY COMPLETE PACKAGE**

- >> XRY Application software and licence key
- >> Briefcase with cable organiser
- >> XRY Communication unit
- >> XRY Logical mobile phone cable kit
- >> XRY Physical mobile phone cable kit
- >> SIM id-Cloner device with 12 month licence
- >> 10 rewritable SIM id-Cloner examination cards
- >> Write protected memory card reader
- >> 12 month Logical software licence
- >> 12 month Physical software licence
- >> XACT hex viewer software application
- >> XRY Reader application
- >> Contact cleaning brush
- >> Free support by phone, web forum or e-mail
- >> Free software maintenance and upgrades
- >> New cables released included in the price

**SPECIFICATIONS**

- PC requirements**  
Intel® Atom Processor 1.33 GHz, 1 Gb RAM, Minimum 2 USB ports
- Operating system requirements**  
Microsoft Windows 7, Vista, XP SP3 (32 bit systems only)
- Power requirements**  
AC 100–240 V | 50–60 Hz
- Packaged weight**  
4.5 kg (9.9 lbs) approx
- Case dimensions**  
45 cm x 25 cm x 17 cm (18" x 10" x 7") approx
- Warranty**  
Standard 24 months

**XRY LICENCE INCLUDES**  
Customers with registered licence:  
**Free cables | Free software updates | Free technical support**  
Extended warranty available on all equipment manufactured by Micro Systemation whilst the XRY software licence is maintained.
